Waste bin 360l

**TECHNICAL DATA:**
- **Volume:** 360 lt
- **Dimensions:** 1070 x 750 x 805
- **Weight:** 16,00 kg
- **Material:** They are made of (HDPE)
  - High Density Polyethylene, UV-stabilized
  - Thermal stability: from -30 °C to +80 °C
- **Wheels:** 2 rubber wheels with plastic wheel covers
- **Corrosion free steel axle**
- **Lid with lip handle**
- **Handle for transport on back side**

**OPTIONS:**
- Recycling inserts for PET, paper, packaging and glass
- Foot-operated lid opening
- **Marking**
- **Colors:** green, yellow, blue, black, red, brown
- **Other colors on request.**

**ADVANTAGES OF HDPE MATERIAL:**
- Environment friendly
- Long life expectancy
- Can be recycled
- Frost-proof
- Chemical resistance
- High UV light resistance

**DIMENSIONS:**

NEW LID DESIGN!
